

# CUSTOM MANUFACTURED WOOD BEAMS

## Custom Beams Crafted for Your Space

### TAILORED WOOD BEAMS FOR EVERY PROJECT

Select from a variety of wood species, including our rustic series featuring Rustic White Oak, Rustic Poplar, Rustic Red Oak, Rustic Hickory, and Knotty White Pine. Alternatively, explore our furniture-grade series with options like Select White Oak, Red Oak, Walnut, Poplar, Birch, and White Maple.

You can choose between sanded smooth beams with a sleek finish or our rustic distressed beams. We offer both prefinished and unfinished options to suit your preferences. Looking for custom colors? We provide precise color matching to help you coordinate your beams seamlessly with your home's design.

Each beam is custom-sized to fit your space, with lengths up to 24 feet. Crafted from solid wood boards, our beams are designed for easy installation. We provide expert design and layout services to ensure your beam system perfectly matches your vision. Each component arrives slightly long for on-site trimming by your craftsman carpenters, allowing for a precise fit. Delivery is available for your convenience.

### VISIT OUR SHOWROOM IN MONTGOMERY, IL

Explore our range of styles and work with our design experts to create or choose the ideal wood beams for your project. Locally crafted with the highest quality materials, our beams are designed to elevate any space, whether you're adding decorative ceiling accents or constructing intricate truss systems.
